

# Pastor and Wives Retreat

Sponsored by AP4U

## The time for RENEW is now!

We are sitting on a hinge point in history and the way church is done has forever been changed. The only way to rebuild a stronger thriving church is to begin with its leaders. **Renew** – is the theme for this year's Pastor and wives' retreat. It is our goal to encourage and equip Christian leaders with the creation of a network of collaborating ministries, helping leaders through healing and strategizing for what lies ahead. This retreat will leave you blessed, prepared, and renewed.

## Focus for RENEW

- Understanding soul care
- Discernment of our new spiritual landscape
- Leadership and your physical body
- Leading through cultural crisis
